

# Lessons to be learned by the German reunification?

Bernhard Köppen  
Norbert F. Schneider

## Demographics of Korea and Germany

Population Changes and Socioeconomic  
Impact of two Divided Nations in the Light  
of Reunification

Edited by the Federal Institute for Population  
Research (BiB), Germany and the Korea Institute  
for Health and Social Affairs (KIHASA)

2018. 127 pp. Pb. four color, 17x24,  
34,90 € (D), 35,90 € (A), US\$49.00, GBP 31.95  
ISBN 978-3-8474-2152-8

Korea and Germany are commonly described as emblematic examples of divided nations. But while Korea is still divided Germany has gone through a peaceful unification. The book offers a unique comparative study on the demographic change in these divided countries. It also investigates the developments after Germany's unification. Based on this demographic insights of a merged society it asks about their use and limits for a possible Korean scenario of reunification.
